Miscellaneous:

Important: some games will take place on artificial turf, therefore players (both women's and girl's tournaments) should bring the appropriate soccer shoes. (Turf shoes)

The tournament organizers will not supply the balls for warm-up; therefore each team is required to bring their own.

Those who wish to book rooms at a modest price may do so through the environmental services who can offer large rooms with about 20 beds each, provided that you state it on the reservation form. **(Sleeping bags are needed)**. In addition, it is not possible for us to act as a go-between in order to book hotel rooms. During the entire tournament, restaurant services will be available at low prices that include warm and cold meals, drinks, etc.

We can also offer a special package for three days board and lodging (by request).

The deposits will be given back at the end of the tournament, on condition that everything is in order (locker rooms and environmental services' rooms cleaned, key return, discipline, etc.), otherwise the relative costs will be docked from the deposit.

Please feel free to contact us for further information.

Best regards
